

Sandwich Beach Locations

Salt Water

Town Neck/Boardwalk - Watch boats pass through the Cape Cod Canal. Nice, large rocky beach. Long, dune-backed bay beach with a mix of sand and pebbles. Calm water. Large parking area. Rock jetties. Short walk to beach. Wooden boardwalk traverses over the salt marsh area. At high tide, you can jump off the boardwalk. Marsh area is great for exploring, find crabs, small fish and many birds. Handicap accessible, restrooms.

East Sandwich Beach - Beautiful stretch beach on Cape Cod Bay. Located on North Shore Road, the East Sandwich Beach lies behind the grass-covered dunes beyond a row of gray-shingle beach cottages. Nearby parking is limited. Long, large beach. Not crowded. Small waves. Beautiful unblemished view. Rock jetties. Small dune to walk over. Handicap accessible, restrooms.

Freshwater

Snake Pond Beach - Narrow, but fairly long. Very popular beach, especially for small children as the water is warm and calm. Roped off swimming area. Also very short walk from car, however parking is limited. There is some shade on the beach due to the surrounding pine trees. Only about a mile out the Sandwich gate. It has a concession stand and restroom facility. Not very handicap accessible.

Wakeby Lake/Ryder Conservation - Lots of room. Not crowded. Great for families. Has a roped off swimming area with calm water. Short walk. Playground. Bike rack. Facilities unknown.
